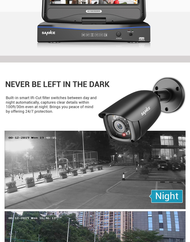
SANNCE 1080P VIDEO MONITORING SYSTEM WITH 10.1" LCD COMBO DVR

CAPTURE EVERY DETAIL CLEARLY IN 1080P

1080P HD security camera provides the details you need in super clarity. It captures all the positive colors and smooth movements, leaving nothing to the imagination.



MARVELOUS 10.1" LCD SCREEN

This DVR is built with a large and compact LCD screen, presents everything captured by the camera straight to you. No more extra monitor is needed to watch the videos.

NEVER BE LEFT IN THE DARK

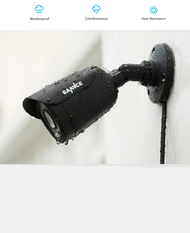
Built-in smart IR-Cut filter switches between day and night automatically, captures clear details within 100ft/30m even at night. Brings you peace of mind by offering 24/7 protection.

SAVE MONEY AND TIME WITH H.264

Adopting H.264 video compression, you can enjoy a smoother live viewing without taking too much bandwidth, and save more recording files with less cost on extra HDD.

REAL-TIME EMAIL ALARM

Once camera detects suspicious motions, the surveillance system will send pre-programmed notifications to your email, make appropriate actions even you are not on the screen.



HIGH PERFORMANCE 5IN1 DVR

Powerful DVR supports AHD, TVI, CVI, CVBS as well as IP cameras. Rice you can use any kind of cameras you have, or mix different camera as to cover every corner in your house.

EASY P2P REMOTE ACCESS

Thanks to peer-to-peer technology, you can have remote access to the security system for all the live footage and the recordings on your mobile devices via our free desktop or mobile app.

SUPER EASY REMOTE ACCESS

EASY INSTALLING THREE-AXIS STAND

With the adjustable 3-axis stand, you can freely adjust the camera head to fix it to the desired angle, and capture a wider scene of the place you want to monitor.

DURABLE IP66 WEATHERPROOF HOUSING

Security camera with IP66 weatherproof housing can withstand extreme temperature and most terrible climates such as rain, snow and sleet. Perfect for both indoor and outdoor use

SPECIFICATION

Analog HD Playback Resolution	720P/1280x720@25fps 1080P/1920x1080@25fps
IP Camera Playback Resolution	720P/1280x720@25fps 1080P/1920x1080@25fps
Max Playback Channel	Up to 3M 720p/1080p
On/off Switch	2/4

EXTERNAL INTERFACE

Network Port	Ethernet RJ45
Network Port Number	1
Alarm Input Interface	NO
Alarm Output	NO
USB	USB2.0/3.0

HARD DRIVE

HDD	1 TB(Max)
HDD Capacity	Up to 6TB expansion 2 Access

GENERAL

Operating Power	DC12V
Power Consumption	30W(without HDD)
Operating Temperature	-10 ~ +55 (14°F ~ 131°F)
Dimensions(W x H x D)	11.1" x 8.7" x 2.1" (282x220x53mm)
Gross Weight	2.05lbs. (1.5kg(without HDD))

Indoor/Outdoor Camera

CAMERA

Image sensor	1/2.8" Progressive Scan CMOS
Video Resolution	1920(H) x 1080(V)
Digital system	4 By 4096
Lens type	Fixed focal length lens, 3.6mm@3.6mm
Lens	3.6mm
Min Illumination	0.0lux (F1.0 of gain of 1) 0.0lux (F1.0 of gain of 1)
Day/Night	IR-CUT
Number of Array of Real LEDs	12
Night Vision Distance	Up to 100ft/30m
Lens Type	Glass Lens
Wide Dynamic Range	Digital WDR
IP Cut Filter	Yes
Motion Detect	MD/MD2.0

GENERAL

Housing	Plastic
Color	Black
Operating Power	DC12V
Operating Temperature	-10 ~ +55 (14°F ~ 131°F)
Network Interface	Network Cable
Dimensions(W x H x D)	3.5" x 3.5" x 8.7" (90x90x220mm)
Gross Weight	1.5lbs. (0.7kg)
