CAUTIONS

- This dog run is not for use with aggressive breeds of dogs, or dogs that have shown aggressive behavior.
- It is important to properly introduce your pet to this product if they are not accustomed to such constraint.
- A pet not specifically trained to be contained in this product may attempt to escape, dig, climb, and/or chew out of the dog run, causing serious harm or death to the pet.
- Consult your veterinarian or trainer to determine an appropriate training method for your pet.
- To avoid risk of the dog becoming caught or immobilized, remove all leashes, collars and pet clothing before placing the dog in the dog run.
- Optional sun shade is only intended to provide shade. It is not designed to provide protection from all weather. The optional sun shade is NOT designed to provide additional security or containment. Do not use optional sun shade in extreme high winds.
- For added security, the use of a lock with the latch is recommended. Lock is not provided.
- Do not climb on the outdoor dog run.
- Children should not be allowed in, on or around the dog run.
- Regularly inspect this product to make certain the chain link mesh is taut, edges do not protrude or have become disengaged, set screws are tight, and that your pet has not caused damage to infringe on the functionality and safety of the unit.
- If any structural component is discovered to be broken or missing, stop the use of this product immediately.
- Regularly inspect the surface beneath this product to make certain it is clean and free from foreign objects and pests that could be harmful to your dog, such as ants, bees, wasps, etc.
