

## Manuel d'installation

### Boîtier étanche interconnectable avec tubes LED IP65 , IK08

#### Caractéristiques technique

Puissance	2x24W	Indice de protection	IP65
Equivalence	2x58W	Classe de protection	I : protection terre
Lumen	4800 lm	Tubes fournis	LED
Variable	Non	Angle diffusion	120°
Voltage	220-240V AC	Interconnectable	Oui

**Avant toute intervention  
sur votre luminaire,  
coupez le courant**

Model	L (mm)	W (mm)	H (mm)
RTD486	1565	115	86

#### Interconnexion
