

# User Guide for Plate Products (English)

## Introduction

1. Please read the following instructions carefully and use the product accordingly.
2. Please keep this manual and hand it over when you transfer the product.
3. This summary may not include every detail of all variations and considered steps. Please contact us when further information and help is needed.

## Notes

1. This product is for indoor use only. Personal injury and/or product damage may occur if the product is used outside its intended use and/or if the product has been changed/modified from its original design. The product must be assembled and used according to the instructions. The seller shall not assume any responsibility or obligation for any damage caused by improper assembly or improper use.
2. Do not place it in a humid environment for a long time to prevent mildew or in any high temperature area to ensure its service life.
3. Please place evenly the product on flat floors, so as to avoid uneven stress and fracture.
4. The product in the process of use regularly checks the screw tightness. Re-tighten if necessary to ensure structural integrity.

## Warnings

1. Children are not allowed to assemble products. When assembling, put small parts out of the reach of children, otherwise they may be fatal if swallowed or inhaled.
2. Children are not allowed to climb or stand on the product to avoid personal injury caused by tipping.
3. Put the plastic packaging bag out of the reach of children to avoid any potential danger, such as suffocation.
4. Avoid sharp objects and corrosive chemicals, in order to prevent damage or injury to the product.
5. If there are defects and/or missing parts, please do not use this product, or it may cause damage or injury.
6. Do not disassemble and assemble the product repeatedly, so as not to damage the accessories.
7. If the product is equipped with the anti-tip device, please be sure to install it to prevent the product from tipping and causing unnecessary harm.
8. If the product involves electricity, please keep the product away from water or humid environment, or it may cause electric leakage and short circuit to harm the human body.
9. For the product containing batteries, when replacing batteries, please don't throw away discarded batteries at will to avoid environmental and water pollution.
10. If the product has no wheels at the bottom, it cannot be moved. Please do not drag or pull to avoid loosening or damaging the product.
