## 8" TRY SQUARE 9" SLIDING T-BEVEL WITH WOODEN HANDLE

### 9" SLIDING T-BEVEL WITH WOODEN HANDLE

The vertical angle must be protected. Don't throw it around. We can not take the corner ruler to knock objects at will. It will cause the joint of the handle and the wing to loosen, so that the verticality of the corner ruler can not be used.

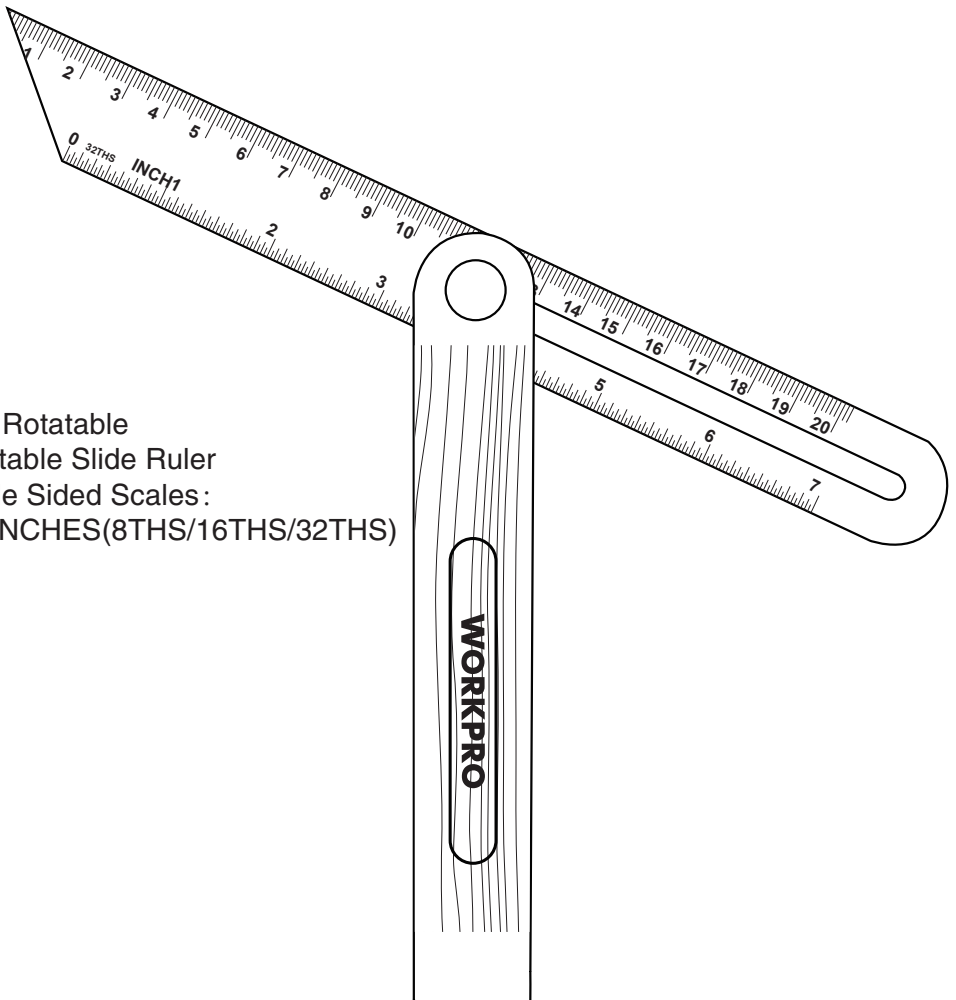

Precise 90° Right Angle  
45° Handle Corner  
Clear & Precise Graduations  
Double Sided Scales: (8THS/16THS)
