## **Product fiche**

Delegated Regulation (EU) 626/2011

| Supplier name or trademark                | COSTWAY                |
|---|------------------------|
| Model identifier                          | FP10275DE-WH/NPL2-09CR |
| Indoor Model Identifier(s)                | NPL2-09CR              |
| Outdoor Model Identifier                  |                        |
| Inside sound power levels (Cooling mode)  | 64 dB                  |
| Outside sound power levels (Cooling mode) | - dB                   |
| Refrigerant Name                          | R290/140g              |
| Refrigerant GWP                           | 3                      |

Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 3. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 3 times higher than 1 kg of CO 2, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.

| Cooling Mode                   |   |
|--------------------------------|---|
| Energy Efficiency Ratio (EER)  | 2,6   |
| Energy Efficiency Class        | A   |
| Hourly electricity consumption | Energy consumption 1,0 kWh per 60 min-<br>utes, based on standard test results. Actu-<br>al energy consumption will depend on how<br>the appliance is used and where it is located. |
| Cooling capacity               | 2,5 kW  |
