

LASER LEVEL 3X360° KIT COMPACT XR 18V 2AH LI-ION
FAISCEAU VERT
DCLE34031D1-QW

- Projection of 3 independent lines at 360°
- Green laser technology: up to 4 times more visible than red beams, even in a bright environment
- Pulsed diode compatible with DE0892G-XJ detector cell (not supplied)
- Ultra compact: compact design for working in small spaces
- Compatible with all DEWALT XR 18V series batteries, to use the same batteries as your DEWALT tools
- Memory: the laser keeps the last selected mode in memory and applies it at startup
- Magnetic base to attach the laser to any metal structure
- Wall stand with 1/4" and 5/8" thread for tripod adaptation and clamp location to fit all situations
- Compensator lock: protection of internal laser mechanism during transport

TYPE OF LINES	3x360° 1 Horizontal line, 2 Vertical lines
Reach (with detection cell)	40m (100m)
Pulsed mode	Yes, permanent
Accuracy	+/- 3mm up to 10m
Levelling range	± 4°
protection rating	IP54
tripod socket	1/4" & 5/8" (built-in support)
Supply	18V
Gencod	5035048749616

Standard Equipment :
Supplied with 1 XR 18V 2Ah Li-Ion battery, charger,
target, wall mount, case
