

Features

- Cleanroom processed and packaged to reduce particles
- Silicon-free and lint-free blue Polyurethane loop
- Ultra-low lint and contamination level
- Solvent-safe, Cleanroom double-bagged packaging
- Hypoallergenic-soft surface layers that prevents skin irritation and allergy problems
- Ultrasonic bonding reduces contamination & outgassing
- Extra wide (210mm) provides maximum facial coverage and reduces exposed skin
- Loop can be customized to earloop or headloop type
- Mask dimension is available in 180 mm x 90 mm, 210 mm x 90 mm

RS PRO Cleanroom Facemasks with Headloop

RS Stock No.: 829-5269

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

- RS PRO cleanroom face masks are specialised masks designed for use in environments where strict cleanliness and contamination control are crucial. RS PRO cleanroom face masks are made from combined polymer and melt-blown polypropylene. These materials are chosen for their low particle generation and excellent filtration properties.*

General Specifications

Mask Material Characteristics	
Bacterial filtration efficiency (bfe) (3.0um) (astm f 2102)	95.10%
Particle filtration efficiency (pf) (astm f 2299)	97.60%
Airborne particle count (helmke drum) (>0.5um) 70 counts/pc./cfm (iest-rp-cc003.2)	70counts/pc./cfm
Uter facial layer	Combined Polymer ES - 17 gsm
Filter center layer	Meltblown Polypropylene -18 gsm
Inner facial layer	Combined Polymer ES - 17 gsm
Nose piece	Metal stripped with coating
Loop material	White OP Earloop/Headloop
